I would definitely appreciate notice about the case when you know whats going on as I am hoping to have the chance to stop at home real quick (I live right off of 91 in Northampton) before heading down to Springfield to walk my dogs as [REDACTED] won't be able to make it home at lunchtime. Thanks.

Hi Sonja...definitely on-call. We may be backed up behind another case, so I will send you word at some point tomorrow whether the case will be starting.

Thanks Sonja!

I'm guessing that I'm on-call for tomorrow, or do you want me there at a set time? Thanks.

Hi Sonja...The drugs that will be the subject of the case are [REDACTED]. [REDACTED] sold 3 times to an undercover agent, each time just 2 oxycodone tablets. West Springfield PD executed a search warrant and found more drugs, but because she had prescriptions for some, they decided not to charge her for just having it, even though she was selling it.

So she's not being charged with possession of marijuana < 1 oz. (# [REDACTED])?

Also, I noticed that [REDACTED] is methadone, not oxycodone (both Class 'B'). Just making sure we're on the same page.

Hi Sonja,

This case has been called in for trial next Tuesday, 2/7/12. The drugs are oxycodone tablets. Would you be available that day? There are only a few witnesses on this case, so I expect that I would probably get to you on Tuesday. If that poses a problem, let me know. Thanks!

Hope all is well.
